

4TH SEMESTER (ELECTRONICS & TELECOMMUNICATION ENGINEERING)

DAYS	1ST 10:00-10:40	2ND 10:40-11:20	3RD 11:20-12:00	4TH 12:00-12:45		5TH 2:00-4:00
MONDAY	Electrical machine	Data communication and computer network	Microprocessor and micro controller	Analog electronics and linear IC	R	Electrical machine lab
TUESDAY	Data communication and computer network	Electrical machine	Microprocessor and micro controller	Analog electronics and linear IC	E	Networking lab
WEDNESDAY	Microprocessor and micro controller	Analog electronics and linear IC	Electrical machine	Data communication and computer network	C	Microprocessor and micro controller
THURSDAY	Microprocessor and micro controller	Analog electronics and linear IC	Analog electronics and linear IC lab	Analog electronics and linear IC lab	E	Analog electronics and linear IC lab
FRIDAY	Electrical machine	Microprocessor and micro controller	Analog electronics and linear IC	Data communication and computer network	S	Electrical machine lab
SATURDAY	Networking lab	Networking lab	Microprocessor and micro controller lab	Microprocessor and micro controller lab	S	Technical seminar
